## ELITE EDUCATION: INTERNATIONAL PERSPECTIVES (HARDBACK)

Taylor Francis Ltd, United Kingdom, 2015. Hardback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. Elite Education - International Perspectives is the first book to systematically examine elite education in different parts of the world. Authors provide a historical analysis of the emergence of national elite education systems and consider how recent policy and economic developments are changing the configuration of elite trajectories and the social groups benefiting from these. Through country-level case studies, this book offers readers an in-depth account of elite education systems in the Anglophone world, in Europe and in the emerging financial centres of Africa, Asia and Latin America. A series of commentaries highlight commonalities and differences between elite education systems, and offer insights into broader theoretical issues, with which educationalists, researchers and policy makers are engaging . With authors including Stephen J. Ball, Donald Broady, Ruben Gaztambide-Fernandez, Heinz-Hermann Kruger, Maria Alice Nogueira, Julia Resnik and Agnes van Zanten, the book offers a benchmark perspective on issues frequently glossed over in comparative education, including the processes by which powerful groups retain privilege and elite status in rapidly changing societies. Elite Education - International Perspectives will appeal to policy makers and academics in the fields of education and sociology. Simultaneously it will be of special relevance to post-graduates enrolled on courses in the sociology of education, education policy, and education and international development.
