Motorbooks International, United States, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. The actual history of the United States worst-kept military secret revealed in graphic format. Though nearly everyone has heard of it, almost no one has known anything about it . . . until now. Located in the remote Nevada desert near the dry bed of Groom Lake, Area 51 is the most famous military installation in the world that doesn't officially exist. In Area 51, author Dwight Zimmerman and artist Greg Scott unravel the real history - minus the aliens and sci-fi movie plots - revealing in detail how for more than 60 years, the CIA, the U.S. Air Force, and aerospace company Lockheed Martin have all used Area 51 as a staging ground for test flights of experimental or highly classified aircrafts. Scott illustrates the Archangel-12 as well as follow-on aircrafts, such as the U-2, the SR-71 Blackbird, and the F-117 Nighthawk stealth fighter, while author Zimmerman tells the history of how they sprang from the research and development conducted at Area 51. This first-of-its-kind graphic history strips away the fantastical aspects of this mysterious location and establishes the actual, significant history made there. Zimmerman's rendition of the Area 51 story is a walk down memory lane for this former USAF insider. It superbly captures the history, mystery and folklore of one of America's best-kept secrets. Riveting, accurate, and thought-provoking for anyone with - and even those without - a Need-to-Know! - Michael Angley Colonel, USAF (ret) Special Agent, OSI (ret) Of all the books written about Area 51, the best and most accurate is the striking new graphic history written by best-selling author Dwight Jon Zimmerman and expertly illustrated by comic-book artist Greg Scott. Military historians...
