WHO RECOMMENDATIONS FOR AUGMENTATION OF LABOUR

[DOWNLOAD](#)

World Health Organization, Switzerland, 2015. Paperback. Book Condition: New. 240 x 210 mm. Language: English . Brand New Book. Optimizing outcomes for women in labor at the global level requires evidence-based guidance of health workers to improve care through appropriate patient selection and use of effective interventions. In this regard, the World Health Organization (WHO) published recommendations for induction of labor in 2011. The goal of the present guideline is to consolidate the guidance for effective interventions that are needed to reduce the global burden of prolonged labor and its consequences. The primary target audience includes health professionals responsible for developing national and local health protocols and policies, as well as obstetricians, midwives, nurses, general medical practitioners, managers of maternal and child health programs, and public health policy-makers in all settings.
