Stop Global Warming: The Solution is You!

By Laurie David

Fulcrum Inc.,US, United Kingdom, 2008. Paperback. Book Condition: New. 180 x 114 mm. Language: English . Brand New Book. Global warming has become the most important issue for the future of our planet, dominating news headlines and policy discussions. Stop Global Warming turns headlines into action, providing testimony of leading environmental activist Laurie David s own passionate work and showing how and why others (particularly young people) should get involved in this and other environmental issues. In accessible and inspiring prose, David explains that Global warming is not an opinion but a scientific reality, one that policy makers by and large have failed to address. Interspersed throughout the text, short statements by celebrities such as John Mayer, Jack Johnson, and average Americans will reinforce why halting global warming is so important to our future. An important book that will cause you to think more about our planet and change your habits, Stop Global Warming is required reading for the 21st century.
