This will involve a multidisciplinary theory of cultural studies. communication studies. aesthetics. sociology. anthropology. psychology. history. and even the system science. marketing. creative thinking and knowledge. Heritage of cultural knowledge. optical skills certainly is not. Which are entering the era of digital dissemination. we can not retake little smart survival and development of the road to go to the media guidelines? Second. the quick way of creative planning is not want to learn media creativity and planning. the focus is you want to discover how to make an effort yourself. This thing is not made from the outside. from the inside made. Creativity is connected movements. different concepts. things connected together will create a new concept. The creativity and Planning in fact converged in every moment of our lives. Third. with the network and the arrival of the era of digital communication. the definition of media has very different from the past. Today. the media. and not just an expression of the form of some kind of information content. more conscious attention to collect. In other words. the media now is expressive. On the other hand. the media that is creative. Characteristics...
